# PCDJ REFLEX

The image shows the PCDJ Reflex software interface with several red arrows pointing to specific features. The interface is divided into several sections:

- TEMPO**: Points to the tempo control for the first track.
- KEY**: Points to the key control for the first track.
- PITCH**: Points to the pitch control for the first track.
- CANALES**: Points to the three track channels (1, 2, and 3).
- DISPLAY WAVEFORM**: Points to the waveform display for the first track.
- EFEKTOS**: Points to the effects section for the first track.
- VST PPLUGINS**: Points to the VST plugins section for the first track.
- CONTROL DE FX**: Points to the filter section for the first track.
- MIXER 3 CANALES**: Points to the mixer section, which includes three channels (Player 1, Player 2, Player 3) and a Library channel.
- PLAYLIST**: Points to the playlist table at the bottom of the interface.

The playlist table contains the following data:

Bpm	Artist	Title	Genre	Album	PlayLength	PlayCount	Av
132.02	Brandon James	Only	Breaks	Greatest Hits	05:20.52	1	2i
132.00	Brandon James	Ride A Rocket	Breaks	Greatest Hits	08:21.89	1	2i
138.03	Brandon James	Silent Life	Breaks	Greatest Hits	10:12.25	2i	
136.98	Brandon James	Surrender	Breaks	Greatest Hits	08:01.95	2i	
135.99	Brandon James	Voices In Harmony	Breaks	Greatest Hits	09:38.92	2i	

The mixer section shows three channels (Player 1, Player 2, Player 3) and a Library channel, each with a volume knob and a cue button. The Library channel is highlighted with a red arrow.
